WHO WE ARE?

INDcool Introduction

About INDcool

Proudly Indian. Globally Inspired.

Founded in 2004 by Mr. Dhananjai Singh under the visionary guidance of Comtech Enterprises Pvt Ltd, INDcool is a trusted Indian appliance brand committed to delivering reliable, energy -efficient, and affordable comfort solutions.

Who We Are?

Here is a simple but powerful rule:

“always give people more than what they expect to get”

– Nelson Boswell

Designed specifically for Indian conditions, INDcool appliances are engineered to perform in high temperatures, fluctuating power supply, space limitations, and diverse budgets —without compromising on quality or efficiency.

Driven by the ethos “ **Made in India, Made for Indians** ,” we combine modern, high -tech manufacturing with eco -friendly design to reduce import dependence and promote sustainable living. Today, INDcool products serve homes, offices, institutions, and government organizations across urban, semi -urban, and rural India.

With a strong focus on innovation, durability, and customer satisfaction, INDcool delivers comfort that is practical, responsible, and built to last.

INDcool — Smart Comfort. Sustainable Future.

Our Vision

To be the customer’s first choice in appliances.

Our Mission

To deliver high -quality appliances supported by reliable after -sales service, creating lasting value through trust, shared growth, and total customer satisfaction —while recognizing and rewarding the people who make our success possible.

INDcool

PRODUCT CERTIFIED BY

- **NABL LAB**
- **BUREAU OF ENERGY EFFICIENCY**
- **VERIFIED BY QCI**
- **VERIFIED BY RITES**
- **CRISIL**

“Make in India” Initiatives

INDcool

Ease

Smart Ready AC

8 In 1 Flexi Mode

4 Way Auto Swing

Filter Clean Indicator

I Feel*

Smart Control

Offline Voice-Control

Support up to many languages in the world

English

1. Completely offline voice analysis, no network is required to work.
2. The functions of the air conditioner can be controlled by voice without the help of smart speakers.
3. **INDcool** Greeno Series model uses high-performance AI dedicated chips, integrating voice neural network algorithms to achieve fast dual-microphone pickup, noise reduction, recognition, command feedback and interaction, supporting 300ms rapid response.
4. With an ultra-low power consumption, the standby power consumption of the Greeno Series is only 100mW, which meets the energy-saving requirements of the standby power consumption of home appliances.

Smart Control

IoT Smart

With **INDCOOL** exclusive smart APP (support both Android and IOS system), the smart AC could be connected with WIFI and cellular data, then all the family members could use their terminal devices such as mobile phone, pad or tablet to control the AC everywhere.

DC-Inverter

0.1 °C Accurate Sense of Technology

0.1 °C accurate sense of technology makes **INDcool** inverter air conditioner access to national invention.

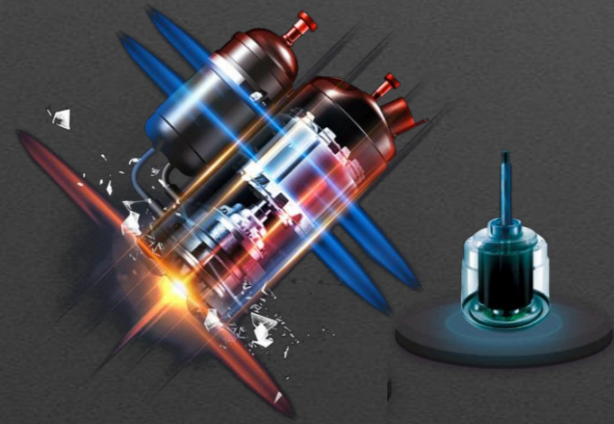

The fine temperature control capacity increased by 2-5 times than ordinary inverter air conditioner. This technology can accurately adjust the refrigerant flow according to the indoor load , all-time room temperature 0.1 °C fine control. Consequently, it can not only prevent the waste of energy caused by the temperature overshoot, but also to avoid uncomfortable feeling caused by temperature fluctuations, is a fundamental solution to the phenomenon of hot and cold.

DC-Inverter

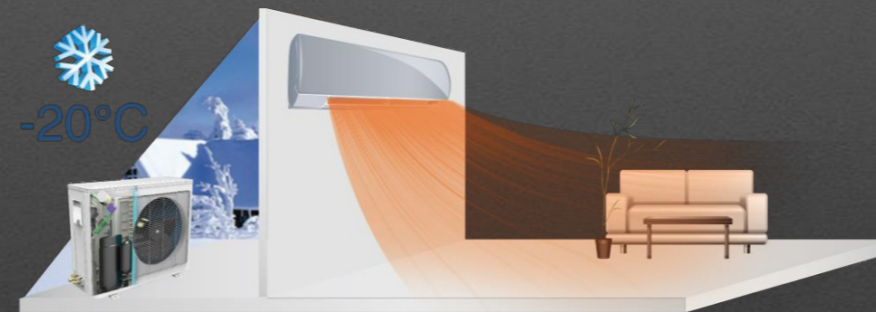

Rare Earth Compressor

DC-inverter rare earth compressor, with internal and external DC motor, DC inverter technology, more energy-saving, silent, stable performance.

-20°C Ultra-low Temp Start

INDcool DC inverter use digit start tech, -20°C low temperature start as usual, strong heating input.

Wide Voltage Range Start

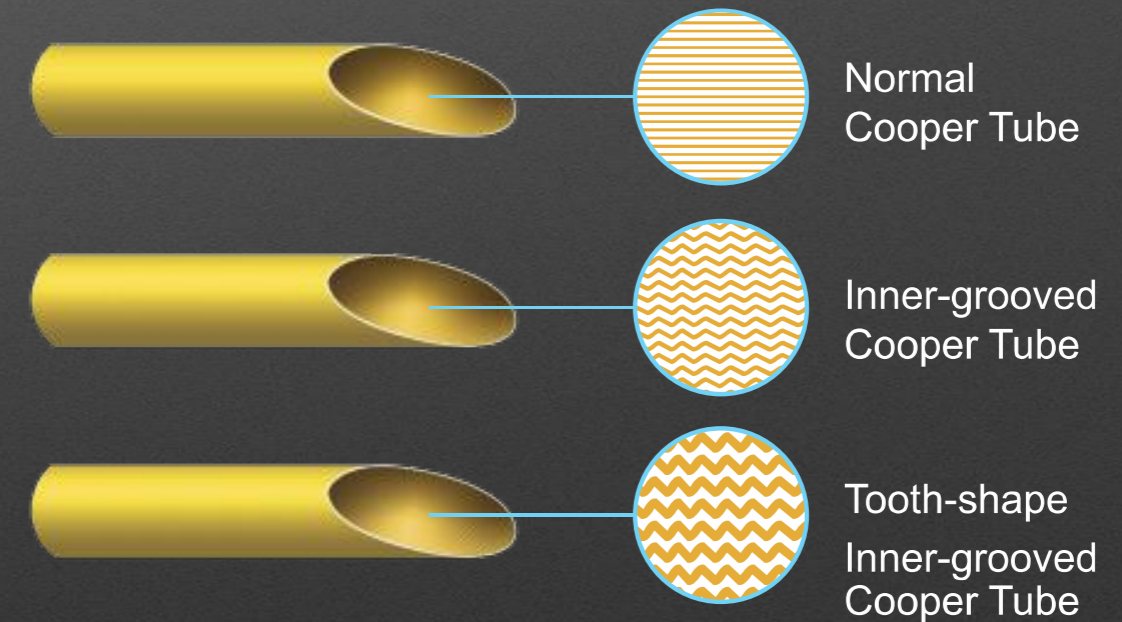

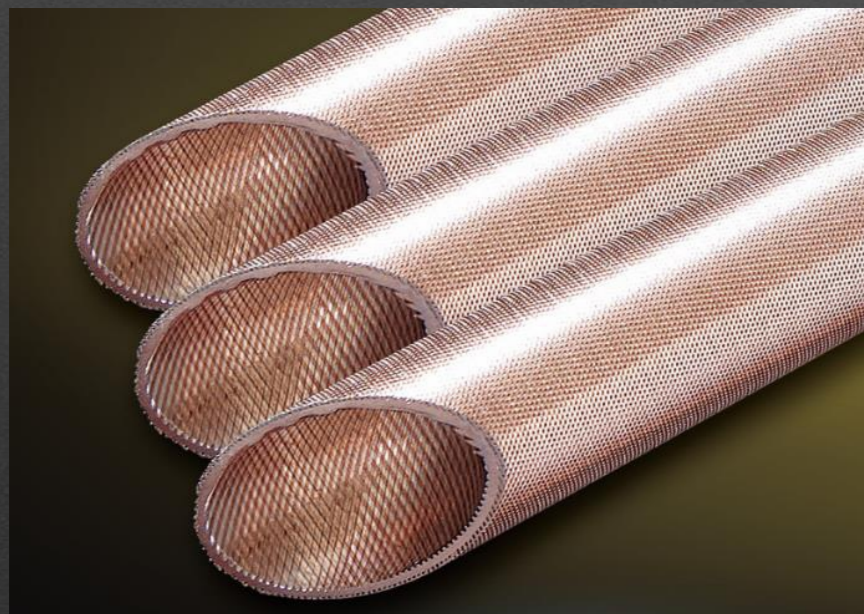

INDcool inverter air conditioner with 135v-268v wide voltage range to match all kinds of tough environment.

Energy Saving

Tooth-Shaped Inner-Grooved Copper Tube

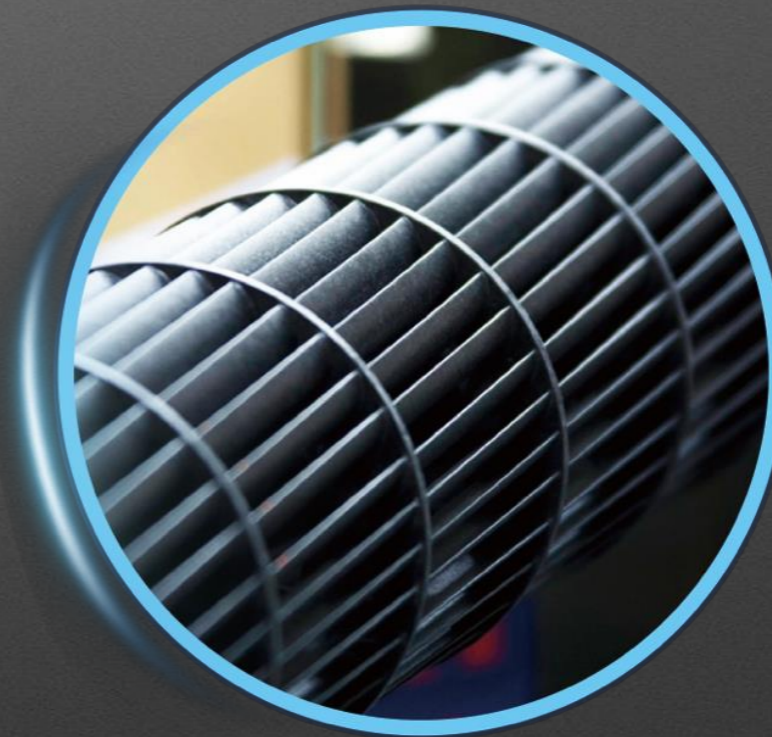

By adopting new tooth-shaped design and high efficiency inner grooved copper tube technology to enlarge the area between refrigerant and copper , the efficiency of heat exchange can be improved by 30-50%.

More Quiet

Non Equidistant Fan

INDcool AC use non equidistant fan, scatter sound source, less resonance ; reduce frequency of oscillation, effectively lower noise, and obtain **BIS**

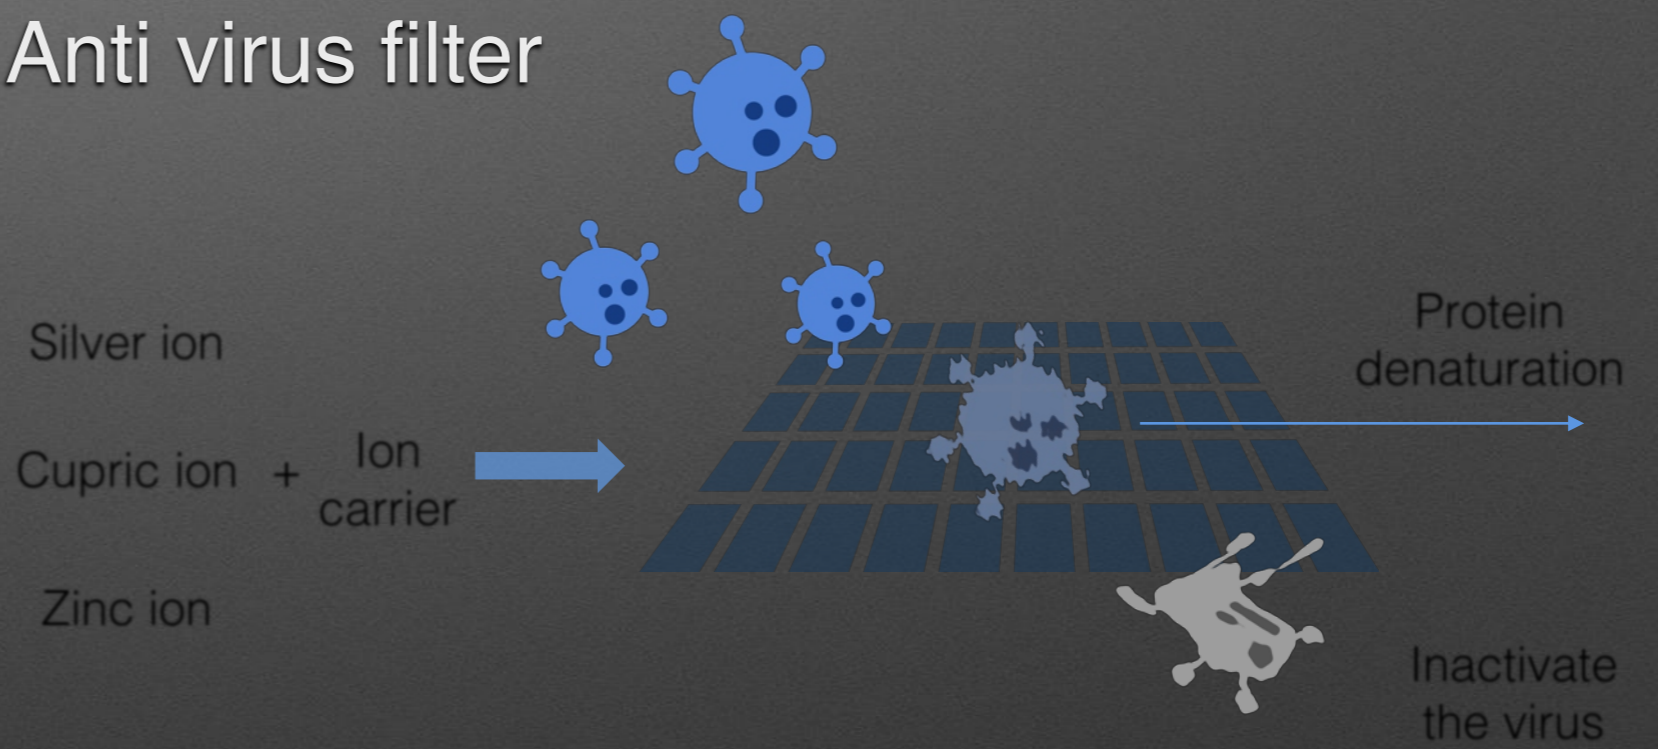

Health

Mildew proof

When the air conditioner is turned off, the fan will continue to work for 3 minutes and thus will keep the unit from mildew.

Anti virus filter

- Nanometer level, permeable and built in to destroy the structure of DNA and RNA.
- Denaturing the protein.

Split Air Conditioner

GREENO SERIES DC-Inverter

MODEL: IDCACSBF10K3

Mildew proof

When the air conditioner is turned off, the fan will continue to work for 3 minutes and thus will keep the unit from mildew.

SPECIFICATIONS

- Nominal Marketing Capacity: 0.8Ton**
- Electricity Consumption (kwh/year) : 494.41**
- Rated Current(A): 3.65**
- Energy Rating : 3 Star**
- ISEER Value : 4.38**
- Warranty : Compressor**

Window Air Conditioner

GREENO SERIES

DC-Inverter

MODEL: IDCACWBF18K3

It Saves Power,
Ideal For Long Usage

SPECIFICATIONS

- Nominal Marketing Capacity: 1.5Ton
- Electricity Consumption (kwh/year) :
- Rated Current(A): 6
- Energy Rating : 3Star
- ISEER Value : 3.37

• Warranty : Compressor 5 Yrs 10 Yrs
 Machine 1 Yrs 5 Yrs

Window Air Conditioner

GREENO SERIES

DC-Inverter

MODEL: IDCACWBF18K5

It Helps in Saving More Electricity.

SPECIFICATIONS

- Nominal Marketing Capacity: 1.5Ton
- Electricity Consumption (kwh/year) :
- Rated Current(A): 6.01
- Energy Rating : 5Star
- ISEER Value : 3.79

• Warranty : Compressor 5 Yrs 10 Yrs
 Machine 1 Yrs 5 Yrs

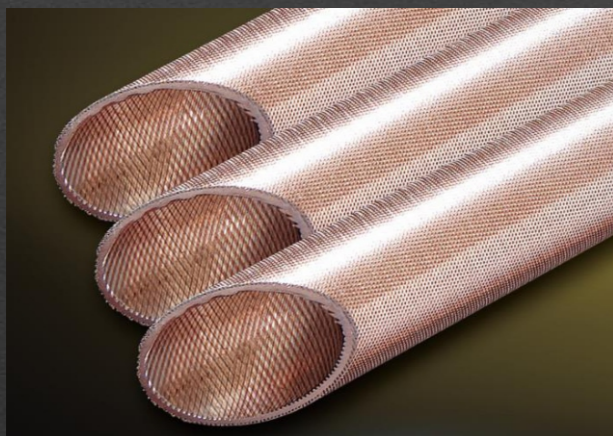

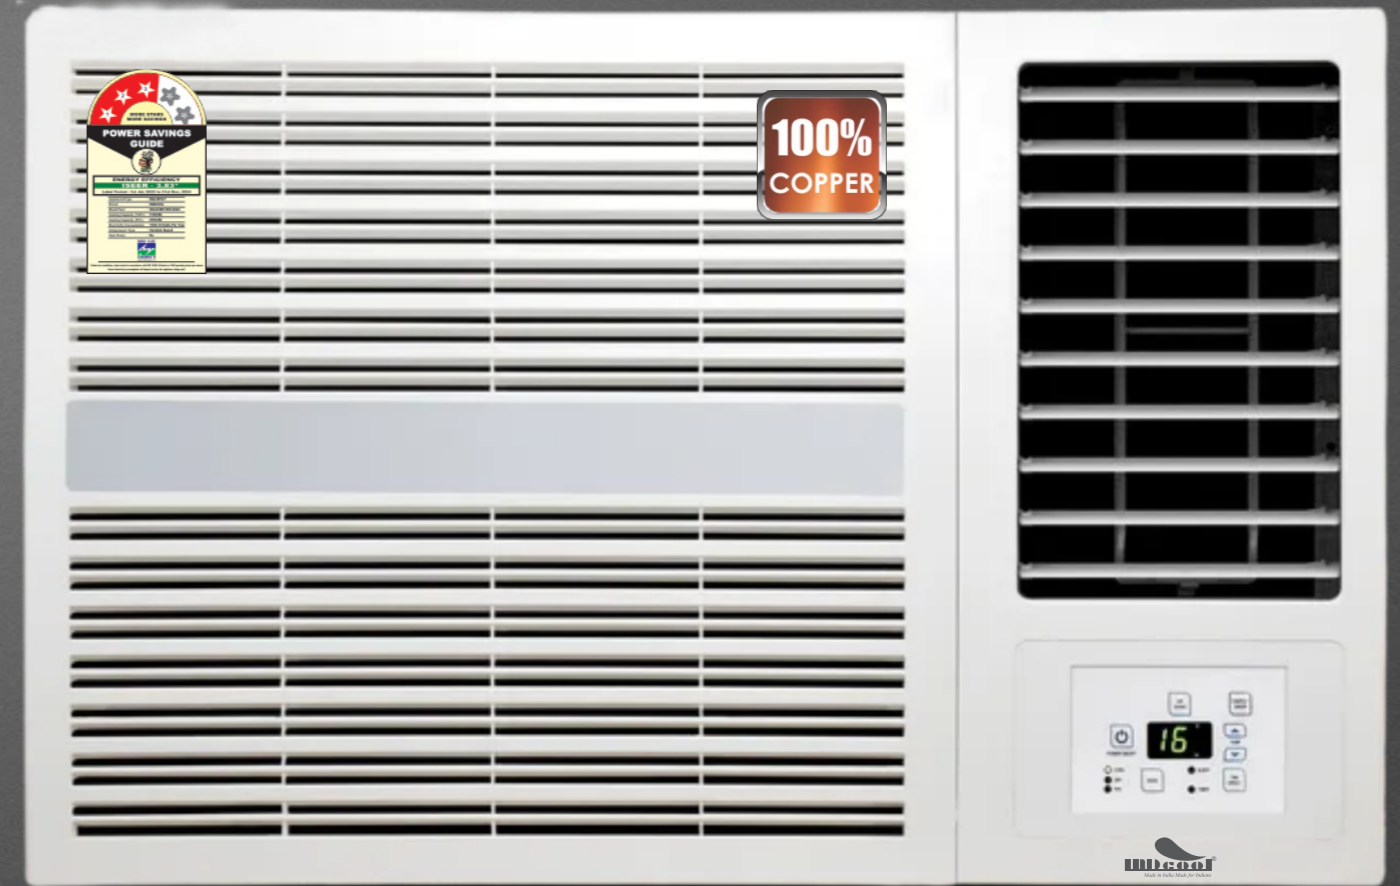

Window Air Conditioner

GREENO SERIES

DC-Inverter

MODEL: IDCACWBF22K3

Long Life Of Copper Coil & Air Conditioners Due to Lowering Of Corrosion Impact.

SPECIFICATIONS

- Nominal Marketing Capacity: 2Ton
- Electricity Consumption (kwh/year) :
- Rated Current(A):
- Energy Rating : 3Star
- ISEER Value : 3.42

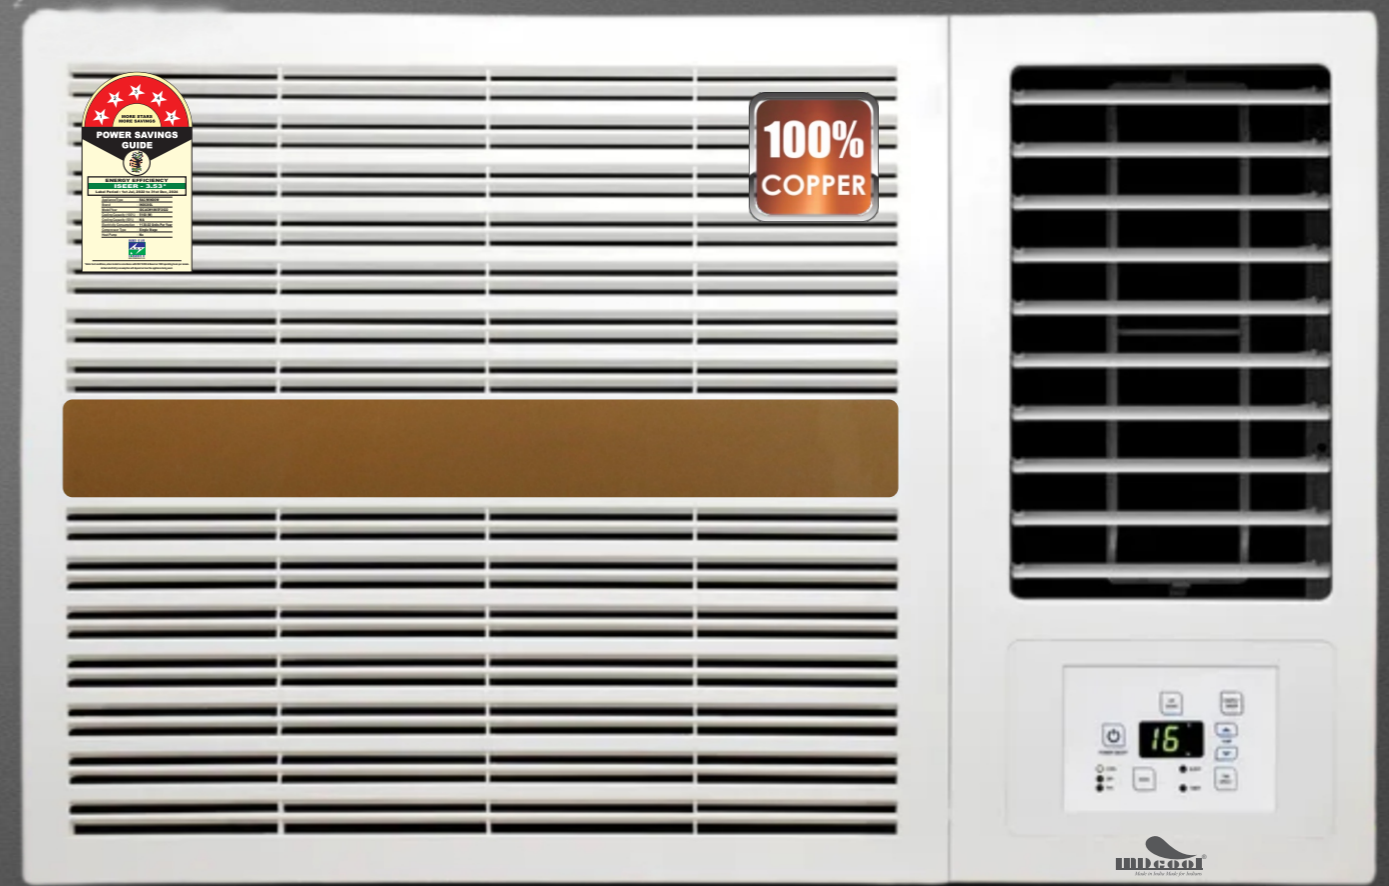

• Warranty : Compressor 5 Yrs 10 Yrs
 Machine 1 Yrs 5 Yrs

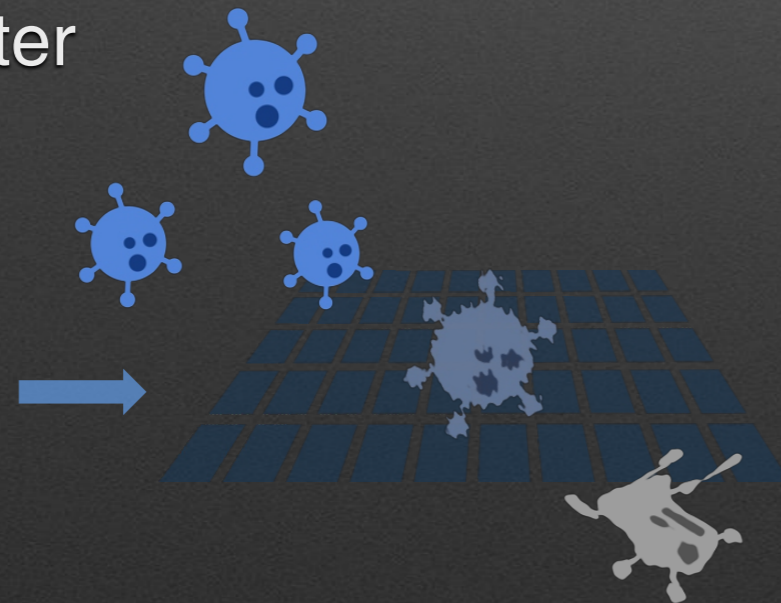

Window Air Conditioner

GREENO SERIES DC-Inverter

MODEL: IDCACWBF22K5

Anti virus filter

SPECIFICATIONS

- Nominal Marketing Capacity: 2Ton
- Electricity Consumption (kwh/year) :
- Rated Current(A):
- Energy Rating : 5Star
- ISEER Value : 3.7

Warranty :

Compressor	5 Yrs <input type="checkbox"/>	10 Yrs <input type="checkbox"/>
Machine	1 Yrs <input type="checkbox"/>	5 Yrs <input type="checkbox"/>
